Traveling to Maryland

The RAPS Training Center is located in Montgomery County, Maryland, within approximately one hour of three airports: Baltimore Washington International (BWI), Ronald Reagan Washington National (DCA) and Dulles International Airport (IAD). Public transportation (metro bus, metro rail and MARC train) is available from all airports to Rockville or you can take a taxi. From any airport, a taxi would cost a minimum of \$50 one way excluding tip. To access public transportation from the airport, follow the signs to Ground Transportation in the terminal.

Metro Rail Directions

Take the Washington, DC, Metro red line to the Twinbrook Metro stop (note: when coming outbound on the red line from downtown DC, be sure to board a train destined for Shady Grove; Grosvenor-bound trains run the same direction but turn around before the Twinbrook station). The RAPS offices are about a two-block walk from the Twinbrook Station. When exiting the Twinbrook station, come down the steps of the metro and take the East exit, to your left. You walk across two pedestrian crossings to the car park (this is also the bus pick up area.) Proceed to walk in a diagonal direction across the car park to the exit at the far side surrounded by trees.

Please note that the area is currently under construction but there are walkways designated for pedestrians. When exiting the metro parking lot you will be at the intersection of Parklawn Drive and Twinbrook Parkway. Please cross Twinbrook Parkway and turn left to walk towards Fishers Lane. Cross Fishers Lane to be on the same side of the street as the US Pharmacopeia (USP) that is at the corner. Turn right and walk past USP to the next building which is 5635 Fishers Lane. Enter the building by the courtyard area next to the café. RAPS is located on the fifth floor in Suite 550. For more information on using the Washington, DC metro system, please visit <http://www.wmata.com>.
