Overview: Join regulatory colleagues from the Bay Area for an afternoon of networking and an expert presentation entitled, "The Revised EU Medical Device Directive Requirements for 2010: Is Your Company Ready?"

With the March 2010 deadline fast approaching, many companies are scrambling to meet the new requirements of the revised *EU Medical Device Directive (MDD)*. Join experts from KEMA for an interactive session that highlights the most critical changes to the *EU MDD* and addresses, in practical terms, the challenges firms are facing with their interpretation.

We are also pleased to offer a special pre-meeting workshop addressing the fundamentals of the *EU MDD*, "The EU Medical Device Directive: A Primer!" While there are no additional registration fees to attend the morning session, it is necessary to pre-register using this registration form.

AM Session

Speaker: **Craig Coombs, RAC** president, Coombs Medical Device Consulting
